

AME University Presents Another Exciting Education Program: "The Basics of Wound Care"

With the CMS regulatory changes scheduled to take place on October 1, 2008, it is more important than ever to document wounds upon the patient/resident's arrival to your facility.

American Medical Equipment (AME) invites you to attend a fun and informative educational seminar on *The Basics of Wound Care*. The goal is to learn the fundamentals which are used to create accurate and thorough wound assessments.

Topics Covered:

- Anatomy and Physiology of the Skin
- Functions of the Skin
- Phases of Healing
- Types of Closures
- Factors that Affect Wound Healing
- Types of Wounds
- Interactive Picture Recognition

Program Approved By:

This offering has been approved by the Ohio Board of Nursing through the OBN Approver Unit at the University of Cincinnati College of Nursing (OBN-011-93).
