

LOW BED ACUTE

AME SPIRIT SELECT LOW BED ACUTE

AME SPIRIT SELECT LOW BED ACUTE was designed to make the lives of patients and healthcare workers safer and easier. This revolutionary hospital bed addresses the needs of a wide range of hospital settings including regular patient rooms in med-surg. Spirit Select is loaded with regular hospital bed features, and it has the ability to go lower to the ground than any other hospital bed on the market. All patients have varying needs that change constantly. Shorter, frail, elderly, and post-surgery patients benefit from the safety of a bed that goes 10" low. While taller more active patients will enjoy Spirit Select's infinite height adjustments.

Key Product Features

- 8 3/4" low and 34" high; reduce falls and the incidence of work related back injury.
- Molded quad rail design meets all new FDA guidelines for entrapment zones.
- Central steering system.
- Integrated nurse call button.
- Foot board, side rail, and hand-held controls.
- Exit alarm and fall pad.
- Patient can control only what the staff allows via the lockout on the foot board control panel.
